SUDEEP P S

sudeeppazhoor@gmail.com | 8281829839 | Manjeri, India | Portfolio | Linkedin

PROFILE

Full-stack developer at Facein Technologies, specializing in efficient, user-centric web and mobile applications. Proficient in React.js, React Native, and MERN stack (MongoDB, Express.js, React.js, Node.js). Completed internship and training at Luminar Technolab. Adaptable, skilled in problem-solving, and committed to continuous learning. Passionate about contributing to dynamic teams and building scalable, real-world solutions.

EDUCATION

Adi Shankara Institute of Engineering and Technology Kalady,   07/2020 – 07/2024 | Kerala, India
Bachelor of Technology, Computer Science and Engineering, CGPA: 7.44/10

SKILLS

Languages: **Web Development**
C, MySQL, JavaScript   HTML, CSS, Bootstrap, React, MongoDB, Astro, Anime.js

Soft Skills   **Mobile App Development**
Communication, Teamwork, Problem Solving   React Native (Expo)

PROFESSIONAL EXPERIENCE

FaceIn Technologies, *Full-Stack Developer*   Present | Ernakulam, India

- Engineered scalable, user-focused web and mobile applications leveraging full-stack technologies, including React.js, Astro, Anime.js, React Native (Expo), MongoDB, Express.js, and Node.js.
- Collaborated with cross-functional teams to deliver responsive, high-performance solutions using agile methodologies.
- Optimized application performance, ensuring seamless user experiences through rigorous testing, debugging, and code optimization.

Luminar Technolab, *ME(A)RN Stack Intern*   04/2025 | Calicut, India

- Developed responsive web applications using MongoDB, Express.js, Angular/React, and Node.js, focusing on RESTful API integration.
- Enhanced full-stack development skills, emphasizing database management and modern frameworks.
- Contributed to agile team projects, improving application functionality and user engagement.

Nestsoft Technologies, *Front-End Development Intern*   05/2023 | Kochi, India

- Created responsive, user-friendly web interfaces using HTML, CSS, and Bootstrap, ensuring cross-browser compatibility.
- Built foundational expertise in front-end development and responsive design.

PROJECTS

Facein Technologies Official Website, *Full-Stack Developer*   07/2025

- Developed and deployed a responsive, high-performance company website using Astro, TypeScript, JavaScript, HTML5, CSS, Anime.js, and Node.js, managed by PM2 for scalability.
- Implemented smooth animations and optimized user experience with modern front-end frameworks and server-side technologies.

Online Gaming Platform, *Full-Stack Developer*   06/2024

- Designed and developed a scalable MERN-based online gaming platform with JavaScript games, featuring user authentication (login/register), profile management, and admin controls.
- Implemented game scheduling with 1-minute play sessions, pause functionality, and paid continuation options using MongoDB, Express.js, React, and Node.js.
- Built admin dashboard for managing games (add/remove), user accounts, and payment systems, ensuring seamless performance and secure transactions.

ACHIEVEMENTS

- Presented final year project at the 6th International Conference on Computational Intelligence and Digital Technology (ICCIDT), hosted by Mangalam College of Engineering, Ettumanoor, Kottayam, Kerala, showcasing expertise in innovative technology solutions.
