Sudeep P S

+91 8281829839 | sudeeppazhoor@gmail.com | Portfolio | LinkedIn | Kerala, India

Profile

Full-stack developer specializing in efficient, user-centric web and mobile applications. Proficient in MERN stack (MongoDB, Express.js, React.js, Node.js) and React Native (Expo). Delivered scalable solutions using modern frameworks like Astro.

Education

APJ Abdul Kalam Technological University | GPA - 7.44/10   07/2020 – 07/2024 | Kerala, India
Bachelor of Technology, Computer Science and Engineering

Skills

Languages — JavaScript , C , MySQL

Technologies — React , React Native (Expo) , Node.js , Express.js , MongoDB , HTML , CSS , Bootstrap , Astro , Anime.js , Git, GitHub

Professional Experience

Software Developer   05/2025 – 11/2025 | Kochi, India
Facein Technologies Pvt. Ltd.
- Developed and deployed scalable, user-focused web applications using modern frameworks.
- Designed intuitive mobile application UI/UX tailored to project requirements, delivering seamless cross-platform experiences with React Native (Expo).
- Collaborated with cross-functional teams using Agile methodologies to deliver responsive, high-performance solutions on schedule.
- Optimized application performance through comprehensive testing, debugging, and code optimization, ensuring seamless user experiences.

ME(A)RN Stack Intern   10/2024 – 05/2025 | Calicut, India
Luminar Technolab
- Built responsive web applications utilizing MongoDB, Express.js, React and Node.js, with a strong focus on RESTful API integration.
- Enhanced full-stack proficiency, emphasizing modern frameworks and database management techniques.
- Contributed to agile team projects, actively improving application functionality and boosting user engagement.

Projects

Boundless Travelogues Website | Astro, React, JavaScript, TypeScript, HTML5, CSS3, Three.js, GSAP
- Developed a modern, responsive travel website using Astro and React, ensuring fast load times and a seamless user experience.
- Implemented dynamic and interactive UI components using JavaScript/TypeScript for improved performance and maintainability.
- Enhanced visual storytelling and user engagement by integrating smooth, high-performance animations with GSAP, Three.js and modern CSS3 techniques.

Facein Technologies Pvt. Ltd. Website | Astro, TypeScript, JavaScript, HTML5, CSS, Anime.js, Node.js, PM2
- Implemented a high-performance, responsive company website using Astro, TypeScript, and Node.js.
- Optimized website scalability and reliability by managing the deployment with PM2.
- Integrated smooth animations using Anime.js and modern front-end frameworks to significantly enhance user experience.

Full-Stack Developer | MERN Stack, JavaScript, MongoDB, Express.js, React, Node.js
- Designed and developed a scalable, MERN-based online gaming platform featuring user authentication (login/register) and profile management.
- Implemented specialized game scheduling for 1-minute play sessions, including pause functionality and paid continuation options.
- Built a comprehensive admin dashboard for management of games (add/remove), user accounts, and integrated secure payment systems, ensuring seamless performance.

Achievement

Presented final year project at the 6th International Conference on Computational Intelligence and Digital Technology (ICCIDT), hosted by Mangalam College of Engineering, Ettumanoor, Kottayam, Kerala, showcasing expertise in innovative technology solutions.
